

## Research Workshop Series

# Metaverse, Fintech, and Blockchain Implementation in PolyU

**Date:** 2 May 2023 (Tuesday)  
**Time:** 2:00 p.m. - 5:00 p.m.  
**Mode:** Online (Zoom video conferencing)  
**Language:** Cantonese

**Speaker:**

**Dr Peter NG**

Assistant Professor

Department of Computing and Department of Rehabilitation Sciences

The Hong Kong Polytechnic University

### Biography:

Dr Peter NG is currently an Assistant Professor in the Department of Computing (COMP) and Department of Rehabilitation Sciences (RS) at The Hong Kong Polytechnic University (PolyU), and he is in charge of the Game Lab and deputy programmer leader of FT Broad Discipline of Computing (EIS Steam) and MSc Metaverse Technology in COMP. His interests are artificial intelligence, metaverse, play2earn APP and mixed reality development. He has developed Green Coin, which combines the ESG and Blockchain concepts. GreenCoin has obtained more than 3,000 active users within three years.

**This project is fully funded by the Quality Enhancement Support Scheme  
[Project: Development of Virtual Reality (VR) Systems for Business and Tourism Education (T01/QESS/2021)].**
